WORK EXPERIENCE

Financial Analysis Intern

October 2025 - March 2026

Top Talent Bridge

Remote, Canada

- Co-ordinated financial analysis of 3 publicly traded companies using Excel to review revenue growth, profitability, and balance sheet trends.
- Developed valuation support using comparable company analysis across 5+ peer companies in Excel to assess relative valuation multiples and support internal financial review.
- Developed 3 Power BI dashboards to visualize financial KPIs such as EBITDA margin, revenue growth, and leverage ratios to support data-driven financial insights.
- Interpreted 5 years of financial statements including income statements, balance sheets, and cash flow reports to identify operational trends and profitability patterns.
- Compiled and structured financial data from 8+ industry competitors in Excel to support benchmarking analysis and evaluate competitive market positioning.
- Presented financial insights through a 20-slide PowerPoint summarizing valuation assumptions, financial performance trends, and key risk considerations.
- Reconciled and systematic financial datasets from 10+ company filings and annual reports to support financial modeling preparation and comparative analysis in Excel.
- Analyzed quarterly revenue and expense trends across 3 companies using Excel financial models, identifying 2 key cost drivers that supported internal financial performance review.

Cabin Crew

2019 - 2021

SpiceJet Limited

India

- Addressed passenger needs while maintaining a 90% positive customer experience rating through immersed onboard service and clear communication.
- Managed 20+ passenger service requests simultaneously during flights while ensuring timely response, professional conduct, and consistent onboard service quality.
- Resolved 95% of passenger concerns in-flight using airline-approved conflict resolution techniques to maintain a calm cabin environment and service continuity.
- Demonstrated knowledge of 30+ service procedures and menu options to deliver efficient onboard service and ensure accurate passenger assistance.
- Conducted 100+ pre-flight safety inspections of emergency equipment including first-aid kits, fire extinguishers, and safety tools to ensure regulatory compliance.
- Responded to 10+ onboard medical situations by providing first aid support and assisting crew members with airline emergency response procedures.
- Guided 150+ passengers per flight with seating instructions, baggage support, and safety demonstrations while maintaining structured and efficient cabin operations.
- Facilitated with boarding and disembarkation for 150+ passengers per flight, ensuring orderly movement and improving turnaround efficiency during scheduled departures.
